

**ANNEX**  
STATISTICS ANNEX 2019 FOR [(MEMBER) STATE]  
CONTRIBUTING TO COMMISSION AND EASO ANNUAL REPORTS

The key statistics requested in this Statistics Annex are in line with Council Regulation 862/2007 on Union Statistics on migration and international protection and will provide some “headline” statistics in the area of migration, international protection and external border management. In addition, EMN NCPs are requested to try to provide statistics (even tentative) which are not available through Eurostat, but are relevant for topics required under the Commission’s Annual Report. We would, therefore, request that you provide, where possible and even if tentative, statistics on any of the following on or before the submission date of **30 April 2020**:

- ∅ Applicable fees according to the type and length of the residence permits.
- ∅ The number of third-country nationals relocated to your Member State;
- ∅ The number of unaccompanied minors (UAMs), differentiating between those not applying for asylum and those recorded within other migration procedures (outside of the asylum procedure) or protection systems;
- ∅ The number of third-country nationals granted a reflection period / residence permit as victims of trafficking in human beings.
- ∅ The number of traffickers arrested as suspects and traffickers convicted
- ∅ The number of visas issued in 2019 (including the number of Schengen visas and national visas);
- ∅ The number of third-country nationals being returned to their home country by type of return - break-down by gender.

The Tables in the Statistics Annex are designed to collect these statistics in a standardised format. Please provide, if possible, statistics for the whole of 2019 within the same timeframe as set out in your final and complete National Report Part 2: i.e. by 30 April 2020. In addition, for all the additional statistics that you provide, please give the source.

By requesting all EMN NCPs to provide such statistics for the same time period (1 January 2019 to 31 December 2019), it will then be possible to provide an EU-28 overview, plus Norway, as well as better comparability between (Member) States. Denmark (not participating in the EMN) is invited to submit a report.

In view of taking into account the gender dimension of EU policies, we kindly ask EMN NCPs to distinguish, to the extent possible, or relevant, between men/women, boys/girls both in their National Reports and also in the statistics tables, to enable conclusions to be drawn on gender specific challenges. EMN NCPs are therefore asked to provide, in the tables that follow, all totals, and to the extent possible separate statistics by gender. Where relevant, a breakdown by age should also be provided.

In order to assist your gathering of the necessary statistics, if needed, each EMN NCP is encouraged to make contact with your relevant Ministry(ies) and other relevant entities (e.g. your corresponding National Contact Points on Integration (NCPI), EASO NCP, national Frontex risk analysis Network (FRAN) member etc.

**For all of the Tables which follow, please indicate the total, and provide disaggregated data where possible.**

**1. APPLICABLE FEES OF THE RESIDENCE PERMITS (BY TYPE AND LENGTH)**

Fees for residence permits, by reason and length (2019)

**Instructions**

Please **do not leave blank cells**

Insert "n/a" when the data is **not applicable**

Insert "n/i" when information is **not available**

When filling out the table below please note:

- If in your MS, for each type of permit, there is **no distinction** in fees according to the length, please, please, fill only Option 1 (Length 1 and Cost 1). For instance, if a permit can be valid up to 3 years and cost 40 euros (regardless of the length), then please write as follow: "length: up to 3 years, cost: 40 euros"

**Note:**

MS	Directive 2003/86				Directive 2004/114				Directive 2003/119	Directive 2005/71				Directive 2009/50				Directive 2014/36				Directive 2014/66				Directive 2004/81				Directive 2011/98				Other national permits - please, specify	Comments

## 2. INTERNATIONAL PROTECTION INCLUDING ASYLUM

### Intra-EU relocation mechanism

Relocation: the transfer of persons having a status, defined by the Geneva Convention or subsidiary protection (2004/83/EC) from the Member State which granted them international protection to another Member States where they will be granted similar protection (see EMN Glossary V2).

#### Instructions

Please **do not leave blank cells**

Insert "n/a" when the data is **not applicable**

Insert "n/i" when information is **not available**

**4. TRAFFICKING IN HUMAN BEINGS (1)**

**Victims of trafficking from third countries 2019**

[1] 'Presumed' victims are persons who fulfil the definition of victim of trafficking in human being, as outlined in Directive 2011/36/EU, but whom have not been formally identified by the relevant authorities (i.e. the national person/body authorised to formally identify victims).

[2] More than one form of exploitation may be associated with each victim, therefore the statistics presented in this section may not necessarily agree with the overall totals entered above

[3] 'Identified' victims are those whom have been formally identified by the relevant authority (i.e. the national person/body authorised to formally identify victims).

Note: this terminology is in keeping with terminology used by Eurostat: Eurostat Methodologies and Working papers: Trafficking in human beings. Available at: [http://ec.europa.eu/dgs/home-affairs/what-is-new/news/news/2013/docs/20130415\\_thb\\_stats\\_report\\_en.pdf](http://ec.europa.eu/dgs/home-affairs/what-is-new/news/news/2013/docs/20130415_thb_stats_report_en.pdf)
